

Computer Programmer Internship

Montgomery Investment Technology, Inc. of Cinnaminson, New Jersey, specializes in the valuation of options and derivatives securities. We deliver software applications, valuation consulting services and training seminars. MITI is seeking a computer programmer intern to join our team. This position is ideal for college students who wish to gain real world programming experience in the fintech industry.

Duties and Responsibilities may include:

- C#, ASP.NET
- Visual C++
- Cloud Computing - AWS and Azure
- Google Apps Script, JavaScript
- WordPress, HTML
- PHP, Python
- Excel VBA
- Database: Access and SQL Server
- Windows and Network Administration
- Code, Test and Troubleshoot Programs
- Document Procedures
- Assist with IT Issues
- Create Online Financial Calculators
- Update Website Using HTML
- Web Services

We are looking for students that are highly enthusiastic about computer programming, and have a strong intellectual curiosity.

Requirements:

- Specialized academic training and achievement
- Computer programming architecture foundation courses
- Exposure to HTML, Java and C#
- Working knowledge of Excel VBA & C++
- Strong math and modeling skills
- Self-starter who can work autonomously
- Organizational and time management skills
- Candidates must be enthusiastic and eager to learn
- Demonstrated ability to meet deadlines and attention to detail

If you match this profile, we want to hear from you...this could be your opportunity!
